Free cancellation up to 48 hours before

Illustrated fabrics, sewing machines, and a shared aperitivo in an artisanal workshop in the heart of Milan: this experience transforms sewing into a creative, relaxed, and surprisingly fun activity. A contemporary workshop designed to introduce you to the world of sewing in a simple, convivial, and accessible way, even for absolute beginners.

Guided step-by-step, you will learn the basics of using a sewing machine to create a personalized clutch bag using colorful fabrics and selected materials. Between stitching, details, and small toasts, you can experience the creative process in an informal and welcoming atmosphere, building something useful and made entirely with your own hands.

A hands-on and social experience perfect for those who want to discover contemporary sewing through creativity, design, and sharing.
