

Make your own kokedama with a botany expert

Florence · Tuscany

Duration: 2 h

Up to 8 people per booking

Flowers and nature

Free cancellation up to 24 hours before

A green and relaxing experience to get your hands dirty and bring home a little world to care for. Learn how to make a Kokedama, the hanging moss sphere that enchants and purifies.

The exact address will be shared after booking the workshop, the day before the event.

What you will do:

- you will know the basics of creative botany
- you will shape your kokedama with your hands
- you will work with plants, soil and moss
- you will enjoy a small snack (tea or coffee with biscuits)

What you take home:

- your personalized kokedama
- knowledge about plant care
- a moment of peace, connection and beauty

🎟 20 places available for each session: book your Japanese botanical journey now.
