

Forge your ring in an ancient Venetian goldsmith's workshop

Venice · Veneto · ★ 5.0 7 reviews

Duration: 4 h

Up to 8 people per booking

Crafts

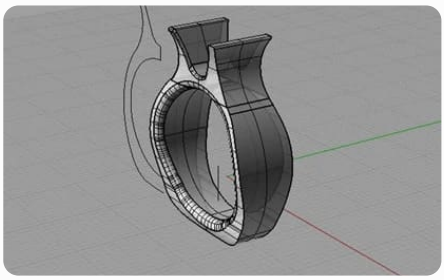

Free cancellation up to 48 hours before

Duration: approx. 4 hours

In the heart of Venice, this artisan goldsmith experience takes you inside a small workshop where metalwork still follows the slow rhythm of the hands. Guided by a master goldsmith, you will create your silver ring starting from the raw material to its final shape.

Through heat, fusion, and manual craftsmanship, you will discover the traditional techniques of Venetian goldsmithing, shaping and personalizing your ring with a unique engraving. Each phase requires precision, attention, and a direct relationship with the material, in an intimate experience dedicated to a maximum of two participants per session.

An authentic way to experience Venice by connecting with an artisanal tradition made of gesture, time, and manual skill.

What makes this experience special

- Access to an authentic goldsmith workshop in the heart of Venice
- Intimate experience, maximum two participants per session
- Direct guidance from a master goldsmith
- Silver processing from raw material to final shape
- Ring personalization with engraving
